

Quality Policy

SEQENS In Vitro Diagnostic manages all of its activities using a quality management system in line with international standards (ISO 9001 and 14001 v2015) and is committed to:

- Remaining constantly attentive to its customers in order to provide the most appropriate response to their requests
- Complying with current regulations when conducting its business
- Continually improving its operational effectiveness and reliability
- Developing the qualifications and skills of its staff through individualised support and training.

SEQENS In Vitro Diagnostic's managers are responsible for rolling out this policy to our employees and partners. All SEQENS In Vitro Diagnostic's employees and the third parties who work on behalf of SEQENS In Vitro Diagnostic must comply with the above commitments.
